Transition of
Officers Meeting

CONFERENCE HIGHLIGHTS

Advisor's Training

The all day workshop is designed to meet critical need areas as it relates to being an effective advisor. This training is open to any active alumnae soror in the region; however, appointment must be approved by the Regional Director.

Collegiate Day

A day filled with general sessions and workshops designed to provide training for collegiate chapters and sorors to effectively and efficiently manage the needs of college-based, citywide and core chapters. The Collegiate Day theme is "*D.I.V.A.S.—The Legacy, Our Destiny*" with Divas standing for "Deltas Involved in Visible Action and Service". Soror Gwendolyn E. Boyd, Immediate Past National President, will be the speaker at the Collegiate Luncheon.

Leadership Academy

A four hour training session conducted by Delta's Leadership Academy and for those sorors selected to train as Officers' Trainers.

Working In Conference Workshops

Required for voting and alternate delegates and recommended for non-voting delegates. Also meeting during this time are conference committee chairpersons. These workshops will acquaint delegates with protocol, polices and procedures so that business may be conducted orderly and expeditiously.

Host Chapter's Welcome Activity

Virginia Beach Alumnae Chapter invites you to make a splash at a reception welcoming you to the beach and honoring Delta Dears at one of the top ten aquariums in the country.

Walk-a-Thon on the Boardwalk

South Atlantic's Regional Community Service Project. A 5K/3.2 mile physical fitness and health awareness walk.

Morning Meditation

Start the conference in reverence to God! And end it the same way! Chaplains from across the region will hold a half hour prayer vigil before the opening of this conference. The Chaplain's Corner will be available and staffed throughout the conference for sorors seeking this counsel.

Sisterhood Luncheon

We will be celebrating our region's 45th birthday and paying tribute to our dynamic past Regional Leadership.

Sessions and Workshops

We will conduct the business of Delta Sigma Theta and renew our commitment as we examine goals and objectives of the sorority. Topics such as Constitution and Bylaws, Protocol and Traditions and many others will provide the needed information to focus on the cardinal principles to which each soror is pledged.

Step Show

You will be entertained by the precision stepping of sorors from across the region in "Crimson Inferno", as well as our region's All Star Step Team.

Public Meeting

The focus for this public forum is "The Impact of 'No Child Left Behind' on Higher Education".

Social Action Luncheon

This subscription event promises to be informative and inspiring as we connect with Delta's first public act of service. The speaker for the occasion is Delta's 21st National President, Soror Marcia Fudge.

After Glo'

This celebration will be the icing on the cake as the host chapter brings closure to the conference in Virginia Beach style!
