March 25, 2010

My Dear Sorors:

As you may have heard, our beloved 10th National President, Dr. Dorothy Irene Height, has been hospitalized. Her condition remains stable, but serious. At this time, we are asking for each of you to lift Dr. Height up in your prayers. We believe in the power of prayer and are optimistic for her full recovery.

The Sorority did not release information regarding Dr. Height's condition sooner because we were asked not to share information until instructed to do so. While we understand the media's need to release information as it becomes available, as her sisters, we were obligated to respect the request that was made of us.

Out of respect for Dr. Height's privacy and her much needed rest for recovery, this is all of the information that we are able to provide. Please be mindful that Dr. Height is unable to receive calls, visitors or flowers at this time. Remember to periodically check the national Web site ([www.deltasigmatheta.org](http://www.deltasigmatheta.org)) for any official updates that are shared with the Sorority. As soon as we receive information, we will share it with you.

With a Servant's Heart,

Cynthia M. A. Butler-McIntyre  
National President
