DELTA SIGMA THETA SORORITY ACTION ALERT: HEALTH CARE REFORM

Dear Soror:

The U. S. Congress is expected to vote to pass health care reform THIS WEEK!

The stakes are too high for the millions of Americans across the country who are hurting because of the way our current health care system works. They deserve a vote on this issue NOW!

If health insurance reform passes, then families and businesses will have control of their health care, the insurance industry will be prohibited from continuing its worst practices like denying coverage based on pre-existing conditions, and the deficit will be cut by up to \$1 trillion over the next two decades.

Please call your representative TODAY and ask him or her to support HEALTH CARE REFORM NOW! To locate your Representative and Senators, please visit www.congress.org or refer to your Congressional Directory that you received if you attended Delta Days in the Nation's Capital 2010.

Step 1: Please call your members of Congress and ask them to VOTE for healthcare reform that:

- Ends enormous premium increases
- Bans denials of coverage to children and adults with pre-existing conditions
- Restricts insurance company practices that charge higher premiums based on gender and age
- Helps small businesses so they can afford to provide decent health coverage for their workers
- Curbs health care costs so businesses can grow and provide better wages for their workers
- Prevents families from going into debt or bankruptcy when they need health care
- Covers more than 30 million people who don't have health coverage now
- Cuts the federal deficit by more than \$100 billion over the next ten years and by many hundreds of billions of dollars in the following decade

Step 2: Email socialaction.dst@gmail.com and give us a short report of your call. Due to the critical nature of this issue, please do not write letters as they will not be received in time.

As agents of change, we must let our voices be heard. The cost of inaction is too high. Please take action today.

With a Servant's Heart,

Cynthia M. A. Butler-McIntyre
